‡*HELLEBORUS. Christmas Rose

Niger. 1 ft. Single white blooms flushed with pink, on sturdy stems. A partly shaded location is best, and the soil should be enriched with equal parts of manure, leaf-mold, sand, and a good loam. Watering is essential during dry periods in summer months. This hardy perennial will arouse great interest wherever it is planted. December to March. \$7.50 per 10, \$70.00 per 100. 3-year-old plants. Fall 1956 delivery only.

Orientalis Atropurpurea. A new red Lenten Rose producing crimson-purple flowers, from February to April. Easy and strong growing variety. Many blooms on 12 to 15 inch stems. \$7.00 per 10, \$65.00 per 100.

Hemerocallis

(DAYLILIES)

Thriving in the hottest or coldest sections of the country, in sun or partial shade, the Daylily is known for its universal adaptability. It can "take it". No fuss, spraying or coddling. Amazing new creations including shades of pink, red, purple, and the striking color patterns were unknown to American gardens a few years ago. Remarkable improvement has been shown in size and texture of flowers; stems well branched, sometimes bearing as many as 60 individual blooms in a season.

A Truly Beautiful New Day Lily

An Exclusive Carroll Gardens Introduction

The large beautifully formed flowers come on sturdy 3 to 3½ ft. stems. Starting to bloom about July 5th, the individual petals are wide and have great substance. The blooms do not burn and the complete flower remains very attractive the entire day.

The color is so distinctive in comparison with hundreds of other reds on the market today. It is of bright deep velvety-crimson with green-lemon throat. It's really a Must for any garden. Try it.

Very Special Introductory Price—\$2.00 each, 3 for \$5.00, 6 for \$9.00.

Limited 6 to a customer.

Majestic. Large white flowers, 5 to 6 inches across, with a small yellow center are produced intermittently throughout the summer. Petals are straight overlapping, and do not droop; stems are stiff and stand up well. Easily grown, it withstands adverse conditions. By far the finest single Shasta Daisy. 18 to 24". \$3.00 per 10, \$25.00 per 100.

Marconi. A novelty with extra-large, double flowers about 5" across. 2 to 3'. All summer. \$3.00 per 10, \$25.00 per 100.

Mt. Shasta. A new variety similar to Esther Reed, but with taller stems. \$2.50 per 10, \$20.00 per 100.

Supreme. A dependable and free blooming variety fairly large single blooms on 18 in. stems, June, July. \$2.25 per 10, \$18.00 per 100.

Wirral Supreme. A new shasta with large flowers which are crested in the center like an Anemone flowered chrysanthemum. Stems are tall, to 3 ft. in height. Blooms freely June and July. Outstanding for cut flowers. \$4.00 per 10, \$35.00 per 100.

SPIREA (Astilbe)

Astilbes are ideal perennials for shaded locations, but they also do well in the sun.

They prefer rather rich, moisture-retaining soil; watering is essential during dry weather.

Plants bloom freely in June and July and the foliage remains attractive for the rest of the summer. Height about 2 feet.

America. Lilac-rose.

Fanal. Glowing dark garnet-red.

Gladstone. White.

Gloria superba. Deep rose-pink.

*THYMUS—Thyme

Thyme, in its many forms, is one of those universally loved, fragrant plants. Some varieties are shrubby, woody types, while others are low growing and creeping. All are interesting for various garden uses, as noted. All varieties do best in well-drained, sandy soil in full sun.

Common (*T. vulgaris*). 12 in. Upright, somewhat spreading habit of growth; narrow leaves and purplish flowers. The most widely used Thyme for flavoring poultry dressing.

Crimson (*T. Serpyllum coccineus*). 4 in. Prostrate, creeping habit of growth; crimson flowers. Used in wall plantings, rock gardens, and in the crevices of stone walks. Dark green foliage.

Lemon (*T. citriodorus*). 6 in. Blue-green leaves with a distinct lemon fragrance and flavor.

Lemon, Golden-edged Variegated (*T. citriodorus aureus variegatus*). The dark green leaves are edged with gold. Thick bushy plants.

Lemon, Silver-edged Variegated (*T. citriodorus argenteus variegatus*). Similar to *T. citriodorus*, but the slightly smaller leaves are margined with silver.

White (*T. Serpyllum albus*). Thick close mats of bright green foliage are covered in early summer with tiny pure white flowers. Best of the creeping types for winter effect.

Thymus Lanuginosus. Woolly gray foliage. Fine ground cover for sunny dry places.

All above Thymes \$2.25 per 10, \$18.00 per 100.

TRADESCANTIA (Spiderwort)

The common old-fashioned forms were known to our grandmothers, who had many names for them. The hybridizers have been at work improving them not only in color and size of bloom, but they have considerably lengthened the period of bloom.

***Brevicaule.** A dwarf species with rose-pink flowers. May to July. \$1.75 per 10, \$12.00 per 100.

TRADESCANTIAS

Height 15 to 20 inches.

Iris Pritchard. White flowers, heavily stained with azure-blue; blue center. Late bloomer. \$2.50 per 10, \$20.00 per 100.

Pauline. Flowers are rosy mauve. A vigorous variety. \$2.50 per 10, \$20.00 per 100.

Purple Dome. A vigorous plant with large clusters of rich purple flowers. \$2.00 per 10, \$15.00 per 100.

‡TRITOMA (Red-Hot Poker)

These striking spire-like blooms make effective accents in the perennial border and are charming in flower arrangements. Plant in a well-drained, sunny place and give the plants a light mulch of excelsior or any other suitable material for winter protection.

Golden Scepter. 3 ft. Hardy, vigorous variety with saffron-yellow spikes during late June and early July. Beautiful planted with light blue delphiniums. \$2.50 per 10, \$20.00 per 100.

New Hybrids. Flowers of various shades: orange, scarlet, etc., on 2 to 3-foot spikes, in June and July. This is an outstanding strain. \$2.50 per 10, \$20.00 per 100.

Primrose Beauty. Beautifully formed spikes of clean primrose-yellow stand over 3 feet tall. Blooms in late summer and has been surprisingly hardy. \$2.50 per 10, \$20.00 per 100.

Robin Hood. A new giant hardy Tritoma with better color, larger blooms, and more hardiness than the well-known Red-Hot Poker. Strong Stiff stems 2½ feet high. Blooms freely in late summer months. \$4.00 per 10, \$35.00 per 100.

White Giant. 3 to 4 ft. An outstanding novelty with extra-large, creamy white blooms. Produces almost continuously the entire summer. \$3.50 per 10, \$30.00 per 100.

White Fairy. Graceful white flowers, freely produced nearly all summer on 2 to 3 ft. stems. \$3.00 per 10, \$25.00 per 100.

STARTLING NEW TRITOMAS. They are so different in their brilliancy of colors, that it makes them very distinct from all the varieties. You will be as startled with their brilliant colors as we were when we first saw them. Either variety.

Alcazar. Firey bright red. \$6.00 per 10.

Amato. Deep coral red. \$6.00 per 10.

TROLLIUS

All Trollius prefer rather rich and moist soil, and at least partial shade. These giant buttercup-like flowers are very showy and create much interest.

Europaeus, Pritchard Giant. Showy, very large, globe-shaped, orange flowers on 2-foot stems during May and June and occasionally again in the fall.

Europaeus, Lemon Queen. Similar to the above but with lemon-colored flowers.

Ledebouri, Golden Queen. 3 ft. A handsome variety with large open flowers of beautiful golden yellow. In bloom about three weeks later than Europaeus sorts—June and July. Any above Trollius \$3.00 per 10, \$25.00 per 100.

VERBENA (Hardy Verbena)

Flame. Of a creeping habit and belonging to the Chamaedryfolia group therefore not dependably hardy in cold sections of the country, however it can be wintered in the cold frame or greenhouses, it's such a beautiful plant, covered with brilliant rose-scarlet blooms from spring to heavy frost in fall, that if the plant only lived one season, one would more than get its money's worth. Potted plants \$2.50 per 10, \$20.00 per 100.

VERONICA (Speedwell)

Baccarola. New, deep rose-pink flowers from June to September. 10-15 in. high. \$3.00 per 10, \$25.00 per 100.

Blue Champion. A novelty of merit, being a form of the well-known *Veronica subsessilis* but much sturdier and a freer bloomer, with lighter blue flowers. It is an excellent plant for late summer bloom. Grows 2 to 3 feet high and looks particularly well when planted with any good pink or white phlox. This is one of Mr. Cummings' originations, and what a fine job he did! Plant in good average garden soil, in full sun or light shade. \$3.00 per 10, \$25.00 per 100.

†**Blue Spire.** A recent introduction known for its vigor and long blooming period, deep blue flowers from June to September. 18 in. high. \$2.50 per 10, \$20.00 per 100.

Icicle. New. A beautiful new pure white form of the *Subsessilis* type, blooms nearly all summer, healthy strong grower of neat growth and stiff 18-24 in. spikes on compact plant. \$3.00 per 10, \$25.00 per 100. 2¼ in. pots.

***Incana.** 12 in. Silver-gray foliage. Deep blue flowers in June. \$2.00 per 10, \$15.00 per 100.

***Incana Rosea.** New. Same as above variety with lovely pink flowers. \$2.50 per 10, \$20.00 per 100.

†**Longifolia Subsessilis.** Charming summer-blooming hardy plant that deserves a place in every garden, large or small. Beautiful blue flowers 18 to 24-inch. \$3.00 per 10, \$25.00 per 100.

Sunny Border Blue. Finest deep blue *Veronica*, very compact in growth, only 18 inches high. Blooms from June on. \$3.00 per 10, \$25.00 per 100.

***True Blue.** Crater Lake blue. 12 in. A lovely deep blue variety. Very attractive. May, June. \$2.50 per 10, \$20.00 per 100.

*†VIOLA ODORATA (Sweet Violet)

Blue Triumph. New, very sweet-scented violet, with fairly large flowers and of easy culture. Grows in sun or shade, blooms spring and fall. A must. \$3.50 per 10.

Royal Robe. A distinct addition to the Violet family that deserves a place in the shady rock garden and as a ground cover. \$2.50 per 10, \$20.00 per 100.

Hardy Garden Lilies

FINEST AND NEWEST

For Fall delivery only, for immediate reference see our Summer 1955 wholesale list for varieties. Our new 1956 Summer list will feature all the new and best varieties ready in July.

Hardy Chrysanthemums

One of America's finest and most up-to-date collection. In this collection we have included representations of all groups, starting with the Azalea or Cushion Mums, large and medium doubles, singles, buttons, pompons, and including some of the best of the new English and a selection of the exhibition greenhouse type. You will notice that many of them are new this year, and many of them only of recent years. This collection represents the originations of all the leading Chrysanthemum hybridizers in the county, such as Bristol, Dr. Krouse of the University of Chicago, Lehman's, and many others including some of our own. In order to save as much space as possible we have omitted the originators' names as well as the year they were introduced. Should anyone desire this information we will be glad to give it.

Explanations as to the letters, etc. following the variety name.

E.E.—extra early blooming varieties, usually starting in August and sometimes earlier.

E. —early varieties, starting to bloom early to middle of Sept.

E.M.—early to midseason, varieties starting to bloom about Sept. 20th to Oct. 1st.

M. —midseason, varieties starting to bloom early Oct.

M.L.—midseason to late, varieties starting to bloom about Oct. 10th to 20th.

L. —late, varieties starting to bloom after Oct. 20th

The blooming guides given is the observations of several years in our locality which is in the western part of Maryland near the Blue Ridge Mountains. As many of you know, Chrysanthemums will show a great difference as to when they start to bloom from one year to another. It is often a variety may bloom one to two weeks earlier one year, and one to two weeks later the next year. Therefore, the time given is about the average. I feel quite sure you will find it as accurate as possible in most any part of the country.

Some of the words used, such as cushion type are the Azalea or Cushion Mums of the original or varieties that have been developed and are so much like them that they can be classed as such. The large double varieties are those that have blooms 3 inches across or more and can be classed with such known varieties as Lavender Lady and Mrs. P. S. DuPont. The medium double are those of medium size, usually around 2 to 3 inches across, and would be something on the order of Harbor Lights, and Red Velvet. Semi-double varieties are those that have 2 or more rows of petals and show the center. Single varieties are those usually with one row of petals, occasionally two. Button type, Cushion Pompon, and Pompons are themselves explanatory. English varieties are not marked, as this is more or less a well known fact that the blooms are very large and in most cases are fully double. The greenhouse varieties offered are the exhibition big ball shaped bloom which are often seen in the florists' windows or greenhouses during the fall, and which always demand fancy prices. These, of course, need disbudding to get perfection of blooms.

Although most Chrysanthemums are suitable for cut flowers one way or another, we have indicated varie-

ties which we think are the best. The ones with one † **are recommended varieties.** Those marked with two †† are a must varieties highly recommended. These are the ones that usually have the longest stems and most perfect in blooming habit.

Prices given are for strong 2" wooden bands which are the equal of at least 2½" clay pots. Prices on rooted cuttings are marked R. C.

In preparing this list, the thought is to give you brief but accurate description of this useful perennial. I hope that you will find it helpful in selecting varieties best suited for your purpose. Inquiries regarding further information are always welcome.

Potted plants: 5 at 10 rate; 25 at 100 rate of a variety. R. C. 6 at 12 rate; 25 at 100 rate not less than 6 sold of one kind.

Alabaster, M., (English) Very large double incurved white, 2 to 3 ft. \$3.00 per 10; \$25.00 per 100. R. C. \$2.50 doz., \$15.00 per 100.

††**Alex Cumming, M.** (Large Double) From the last batch of seedlings planted by the late master mum breeder. Will delight all with its size, vigor and color. Superb 4 inch flowers open the richest, purest cerise possible, and soften to cleanly pleasant rose. The majestic blooms incurve at center and recurve at petal ends, giving overall exotic appearance of a greenhouse commercial. Faintly golden tinge at flower's center adds lovely glow under artificial light. A lusty 2½ foot plant, it offers many vivid 18 inch stems for cutting single blossoms. Really a bouquet to each plant and a true eyeful from October 3, on. \$2.50 per 10; \$20.00 per 100; R. C. \$1.50 per doz., \$9.00 per 100.

††**Araphoe.** Huge flowers, 3-5" in diameter without disbudding, are produced in clusters of 3-5 blooms on long stems from husky 36" plants. The color is a rich red with reddish bronze reverse. Petals are long and strap like with slight waviness which gives them an informal appearance. Araphoe is extremely frost resistant, having withstood repeated freezes as low as 25 to 29 degrees without significant damage to flowers, buds or foliage. A continual bloomer from mid September on. \$2.00 per 10; \$15.00 per 100. R.C. \$1.50 per doz. \$10.00 per 100.

†**Aristocrat, M.** (Large Double) The majestic 3½ inch blooms, perfectly double, are a deep cerise overcast glowing claret, clean and crisp. The 2 ft. plant is most stately and is completely studded with the royal blossoms atop deep green foliage. All in all, a truly regal gem, vividly distinct and wondrously abundant! October 5. \$3.00 per 10, \$25.00 per 100; R. C. \$2.50 per doz., \$15.00 per 100.

†**Avalanche, E.,** (Large double) White 18-24 in. one of the most popular whites. \$2.00 per 10; \$15.00 per 100. R. C. \$1.50 per doz. \$10.00 per 100.

††**Betty, M.,** (Fairly large double) rose-pink with deeper center one of the real good mums for all purposes. sturdy upright growth, free blooming and most appealing color 3 ft. \$2.00 per 10; \$15.00 per 100. R. C. \$1.50 per doz. \$10.00 per 100.

- Bowl O'Gold. E. M. (Cushion Type)** Just what you want, a brilliant, early cushion with really shapely flowers. By far the finest yellow cushion we have ever grown. Only 1 foot tall, spreads glitteringly to 2 feet or so. Superb 2 inch pompon of gleaming canary yellow. A thick, luxurious rug of scintillating gold to brighten dreary fall days. Ideal for corners, rock gardens, etc. Starts to bloom early September. \$2.00 per 10, \$15.00 per 100; R. C. \$1.50 per doz., \$9.00 per 100.
- ††**Bronze Pyramid, M., (Large double)** Glowing deep bronze, a beauty, don't miss it. Very strong upright growth to 4 ft. \$2.50 per 10; \$20.00 per 100. R. C. \$1.50 per doz. \$9.00 per 100.
- ††**Buttercup. M. C. (Large Double)** Large golden yellow incurving bloom. Free growth and good foliage as well as free flowering. \$2.50 per 10, \$20.00 per 100; R. C. \$2.25 per doz., \$12.00 per 100.
- ††**Canary Wonder, E. (Pompon),** A new canary-yellow of the already popular wonder group, a must variety. \$2.00 per 10, \$15.00 per 100. R. C. \$1.25 per doz., \$8.00 per 100.
- ††**Carmine Queen, E.M. (Pompon),** A true carmine-red formal pompon type variety which grows rather tall but very upright. There is no trace of bronze in the flower, the very brilliant carmine-red coloring making it stand out in the fall garden. PRESENTING EVANGELINE

America's No. 1 "Mum"

Evangeline. A new introduction in '53. Perhaps the most admired of the new giant English pink Chrysanthemums in our entire collection. The thousands of visitors who have seen it in our gardens in the past two years just simply raved about it, and so will you when you see it bloom in your garden next fall. It has everything; sturdy grower, healthy foliage, giant size blooms often to over 6 inches across, full double and cactus-dahlia like form. The color is exquisite. Of such soft pastel shade of pink that it will blend in beautifully with any other flower, as well as any furniture or color of the room in the house when used as a cut flower. Bush grows 2½ to 3 feet high, with long stems which are unequaled for cutting, and starts to bloom in late September and continues on until heavy frost. Evangeline is a must for your garden in '54. Nice healthy plants, sure to bloom this fall. \$3.00 per 10; \$25.00 per 100. R.C. \$2.50; per doz.; \$15.00 per 100.

Boundless. Hugh 6 inch blooms, similar in form to Evangeline. Of clear buttercup-yellow, sturdy grower. Two to 3 feet high bushes, starting to bloom about October 10th. A masterpiece among the big yellow. \$3.00 per 10. \$25.00 per 100. R. C. \$2.50 per doz. \$15.00 per 100.
